

Saurabh Wadhwa

Full Stack Blockchain Engineer

Hi! I'm a dependable Full Stack Dev with a deep passion to learn and create, with a superb work ethic to complement. I've worked extensively with Node.js, React, MongoDB and more recently, Solidity and Web3.js. I'm highly adept at conveying technical information to a variety of professional and lay audiences in a clear and understandable manner.

Stocks & Cryptocurrency Trader

Self

02/2015 – Present

Achievements/Tasks

- The trader's motto: Plan your trade, trade your plan. Easy as it may sound, this is one of the hardest things I've had the privilege of learning as it involves managing your emotions and not reacting to the ongoings of the market. Some of the other challenges I've faced and overcome are successfully managing risk and money.
